

Acres of Clams

California/Puget Sound, Washington

I've traveled all over this country,
Prospecting and digging for gold;

I've tunneled, hydraulicked, and cradled,
And I have been frequently sold.

And I have been frequently sold,
And I have been frequently sold.

I've tunneled, hydraulicked, and cradled,
And I have been frequently sold.

Official Washington state song in 1889

Tune derives from an old Irish melody
